Evaluation methods

The weighting between the linguistics course and the practical exercises is 70/30.

The level of participation during the exercise sessions will be taken into account in the overall mark for the course.

Assessment is continuous (tests, assignments, participation, etc.) and certificate-based (oral and written examinations).

Dutch Linguistics: Research methodology

The certificate-based assessment consists of the following parts

- a formal presentation of a scientific article (15%) ;

- a written scientific research paper (+/- 3500 words) on a subject related to the course material (40%);
