Entry to professional life in Dutch for criminologists - Upper-intermediate level

3.00 credits

30.0 h

Q1

	<p>Code</p> <ul style="list-style-type: none"> • Vocabulary : consolidation of basic vocabulary and extension of specific vocabulary. • Grammar: consolidation of the command of the basic structures of the Dutch language. <p>5 The use of vocabulary and grammar is seen from a communicative viewpoint Nevertheless, accuracy is not neglected.</p> <p>Culture</p> <p>In the development of all the above-mentioned skills the course will aim at making the students aware of Dutch and Flemish cultural aspects.</p>
<p>Evaluation methods</p>	<p>Attendance at this language course is required. In accordance with article 72 of the General Regulations for Studies and Examinations, two unjustified absences may result in an invalidation of the marks taken into account in the final grade. The teacher may propose to the jury that a student who has two unjustified absences for the course be refused registration for the January, June or September session.</p> <ul style="list-style-type: none"> • January session : Continuous evaluation (written and oral parts) <ul style="list-style-type: none"> • Participation in the 4 projects (80%) <ul style="list-style-type: none"> • job application (during the term) • presentation of the institution (during the term) • professional interview (during the term) • professional meeting (in January except for Erasmus students leaving on exchange in Q2) • Vocabulary test (10%) and active participation in class and level of spontaneous oral skills (10%) • September session : <ul style="list-style-type: none"> • The student who got less than 10/20 in January will only resit the project(s)/tests he/she failed. The mark for active participation in class is not taken into account in September unless it is to the student's advantage. <p>! Generative artificial intelligences (AI) must be used responsibly and in accordance with academic and scientific integrity practices. Scientific integrity requires that sources be cited, and the use of AI should always be disclosed. The use of artificial intelligence for the LNEER2623 tests is explicitly prohibited and will be considered cheating.</p>
<p>Teaching methods</p>	<ul style="list-style-type: none"> • This course includes 30 hours of on-site classroom activities as well as personal work to prepare the projects. • The course is based on interactive communication. The activities proposed aim at consolidating and developing the communication techniques specific to a professional context while at the same time mastering the code required (general and specific vocabulary, grammar). These activities will involve role-plays involving the spoken and written language. • The activities on 8ode
