## The programme's courses and learning outcomes

---

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

## DRHB2MC - Information

### Access Requirements

---

- The advanced master's degree is also open to students who, under the applicable legislation of the French-speaking Community,

## Teaching method

---

The effectiveness of the programme is ensured by the complementary nature of several teaching methods: lectures as well as exchanges of views which value professional experience and previous career paths, group work, individual work and mentoring.

The teaching methods are designed to make the most of the limited time available to adult students with professional and/or family lives.

## Evaluation
