Learning outcomes

The Master 60 in Management prepares the graduate to meet the challenge of ***becoming a socially responsible professional with a global overview of the management professions.***

The **Master 60 in Management** is a programme that develops the basic skills and expertise necessary for management functions in public or private, national or international, commercial or non-commercial organisations.

A student who registers for this programme already has a first university Master's degree in a field other than management, or a university Bachelor's degree in management. This Master's programme allows him to either expand his skills in management functions or refine them by incorporating an academic approach, a reflective view and critical detachment.

At the end of this programme, the graduate will be:

> **Responsible:** capable of implementing socially responsible management practices in private or public organisations.

> **A professional:**
