MSP9CE - Teaching profile

Programme structure

MSP9CE Programme

Detailed programme by subject

Avant le début de la formation, le programme est fixé par le responsable du Master complémentaire dont relève cette formation pour chaque candidat individuellement, compte tenu de sa formation antérieure.

Au terme des stages, le candidat présentera un travail personnel sur un sujet convenu avec son promoteur portant sur des observations cliniques.

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.
