○ WOBST2342	Formation universitaire spécifique (évaluation des connaissances)	Jean-Luc
-------------	---	----------

## The programme's courses and learning outcomes

---

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

**Admission procedures**

Applications for admission must be addressed to the academic supervisor. The organisation of the entrance selection tests is arranged in accordance with the calendar and the general examination rules and regulations.

## Specific professional rules

---

These studies lead to a professional title subject to specific rules or restrictions on professional accreditation or establishment.

You will find the necessary legal information by [clicking here](#).

## Evaluation

---

***The evaluation methods comply with the regulations concerning studies and exams (<https://uclouvain.be/fr/decouvrir/rgee.html>). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".***

An evaluation of the the knowledge acquired is carried out at the end of each part of the programme. In addition, the candidate will write a thesis and/or an article and have it published in a specialised journal. Further to the application of the Royal Decree of 16 March, 1999, at the end of the first two years of training, the candidate will receive an attestation proving that he has successfully accomplished a specific university training course.

Upon fulfilment of the above-described training requirements, the teaching committee will award the academic title in Obstetric-Gynecology Medecine.

This title does not replace official recognition by the ministerial validation committee. It attests to the successful completion
