Introduction

ANAP2MC - Teaching profile

Learning outcomes

This complementary master's programme aims to prepare doctors to be recognised holders of the special professional title of

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

Admission applications must be addressed to the academic secretary. The organisation of the entrance selection tests is arranged in accordance with the calendar and the general examination rules and regulations.
