Programme structure

In addition to an in-depth study of the various disciplines in sociology, the research project is a key component of the 120 credit Master. It is therefore possible to do a research placement, either in the field of basic research or in a professional field relating to the social requirements of the different players and organizations.

Le tronc commun comprend des cours consacrés à des « problématiques théoriques transversales », la chaire Leclercq et enfin des cours de méthodologie, qualitative ou quantitative, complétés par des séminaires de « pratique de la recherche » et d'accompagnement du travail de fin d'étude.

RESEARCH FOCUS [30.0]

Cette finalité amène à approfondir les connaissances théoriques et empiriques dans une perspective de recherche académique. Concrètement, cela demande à l'étudiant de s'insérer dans des équipes de recherche (stage ou équivalent) et de développer des compétences épistémologiques en sociologie d'abord, et dans d'autres disciplines.

Course prerequisites

There are no prerequisites between course units (CUs) for this programme, i.e. the programme activity (course unit, CU) whose learning outcomes are to be certified and the corresponding credits awarded by the jury before registration in another CU.

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

SOC2M - Information

Access Requirements

Master course admission requirements are defined by the French Community of Belgium Decree of 7 November 2013 defining the higher education landscape and the academic organisation of courses.

General and specific admission requirements for this programme must be satisfied at the time of enrolling at the university.

Unless explicitly mentioned, the bachelor's, master's and licentiate degrees listed in this table or on this page are to be understood as those issued by an institution of the French, Flemish or German-speaking Community, or by the Royal Military Academy.

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.

Specific access requirements

To have gained a first university degree including the following credits :

- 21 credits in sociology/anthropology or both subjects together (with at least 15 credits in sociology)
- 24 credits in methodology (with at least 8 in quantitative methodology and 8 in qualitative methods)
- 9 credits in language (must be English unless there is special permission for another language)

The 30 credits for the subsidiary subject(s) of sociology/anthropology may therefore be used to satisfy these requirements.

If the total of prerequisite subjects is more than 15 credits, entry to the Master programme is conditional on the successful completion of a preparatory year and gaining a maximum of 60 credits.
