The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

DREU2MC -

Teaching method

A certain number of courses (prefixed MCEU) are specific to the Advanced Master in European Law and the Advanced Master in International law: this gives added reinforcement to the way in which international and European subjects are brought together. This is a long established Louvain tradition.

The final assignment consists of a special seminar on European law throughout the academic year for 2 hours per week starting from the 7th week of classes, as well as a series of lectures on current issues.

The specialized seminar consists of interactive sessions in which students are required to make presentations on specialized points of international public and private law. It mainly deals with recent jurisprudence and other legal documents which students are required to comment on. Each student is assigned different presentations based on the reading that all students have to do. The final written assignment is an overview of these presentations and a critical dissertation relating to the lectures on current issues.

Experience has shown that this way of working is more helpful and effective for students, particularly those from foreign countries, than the solitary production of a traditional 'dissertation', possibly in another language.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

The final assessment is continuously assessed ; there is also an assessment of the written overview and the dissertation. Apart from this, assessment is through written or oral examinations.

Possible trainings at the end of the programme

Le Master complémentaire en droit européen s'inscrit dans la suite du Master en droit; il est accessible aux titulaires d'une formation en sciences juridiques ou d'une autre formation à contenu juridique marqué.
