

GERI2MC - Teaching profile

Learning outcomes

The objective of this Advanced 2nd cycle programme is to prepare doctors to gain professional status as specialist doctors in geriatrics (Ministerial Decree of 29/07/05 published 19/08/2005).

Programme structure

The training comprises full-time placements in approved departments and a taught course. It lasts for at least six years on a full-time basis and comprises basic training of three years and advanced training for a further three years. The placements include duty activities. The proposed placements organized by the interuniversity placement coordinators must be approved by the ministerial committee for geriatric specialization for the whole course or by the committee for internal medicine for the core subjects and subsequently the geriatrics committee for the three years of specialization. This enables specialization to be chosen at the end of the core subjects. However, the committee for geriatric specialization may approve a full plan for candidates who specialize from the outset.

GERI2MC Programme

Detailed programme by subject

CORE COURSES [360.0]

- Mandatory
- ⊗ Optional
- △ Not offered in 2024-2025
- ⊖ Not offered in 2024-2025 but offered the following year
- ⊕ Offered in 2024-2025 but not the following year
- △ ⊕ Not offered in 2024-2025 or the following year
- Activity with requisites
- 🌐 Open to incoming exchange students
- 🚫🌐 Not open to incoming exchange students
- [FR] Teaching language (FR, EN, ES, NL, DE, ...)

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.
