## Course prerequisites

---

The **table** below lists the activities (course units, or CUs) for which there are one or more prerequisites within the programme, i.e. the programme CU for which the learning outcomes must be certified and the corresponding credits awarded by the jury before registering for that CU.

These activities are also identified in **the detailed programme**: their title is followed by a yellow square.

### **Prerequisites and student's annual programme**

As the prerequisite is for CU registration purposes only, there are no prerequisites within a programme year. Prerequisites are defined

## GERB1BA - Information

### Access Requirements

---

## Teaching method

---

### A variety of methods

The theoretical component is accompanied by practical exercises and tutorials, to ensure integration of the various aspects of learning, as well as other activities aimed at acquiring oral and written language skills: conversation exercises, role-playing, plays, trips to countries where Germanic languages are spoken, etc.

You will be exposed to a variety of teaching methods adapted to different learning objectives, including lectures, tutorials, group work and independent study. In addition, when the course allows, alternative teaching methods are used, such as flip teaching, blended learning, inquiry-based learning, collaborative and project-based learning, gamification, etc.

### Methodological assistance

The Saint-Louis - Bruxelles campus places great importance on educational support for all bachelor's programmes. The Academic Guidance Service (AGS) offers a number of educational programmes throughout the year to support students during their bachelor's degree studies.

## Evaluation

---

**The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".**

Examination procedures specific to each course unit can be consulted in the relevant course descriptions. Assessment can be written, oral or based on a presentation and/or written work. Specific courses and practical seminars require active participation which may be assessed.

Examinations are held in January, June and September. First-year students who do not achieve passing grades in the January session may retake examinations in June and/or September. In the second and third years, students have two opportunities during the academic year to take their exams.

## Mobility and/or Internationalisation outlook

---

### Taking part in the Erasmus programme

It is enriching to pursue part of one's programme at a foreign university. Immersed in a new environment, students develop their ability to be adaptable and self-reliant. Furthermore, they often deepen their knowledge of a language other than French and discover a different culture.

For these reasons, Saint-Louis - Bruxelles encourages participation in student exchanges, whether through [Erasmus or outside Europe](#). It is also possible to participate in an Erasmus Belgica exchange at a Flemish university. Students studying Germanic languages can take part in an Erasmus exchange during the first term of the third year. The exchange is equivalent to 30 credits.

### Trips to Germanic-language countries

Each year, teachers organise a trip (focused on language and culture) to the United Kingdom, Austria, Flanders or the Netherlands. This trip is partly subsidised by the university. However, students will be asked to participate fully in its preparation.

### Language study grants

Students who have submitted a motivated request can obtain a [grant for taking language courses](#) in a European country during the summer holidays. Possible destinations include the United Kingdom, the Netherlands and Austria. The grant covers up to half the cost of the language course and accommodation.

## Possible trainings at the end of the programme

---

The bachelor's degree in modern languages and literature: German, Dutch and English gives direct access to the master's degree in modern languages and literature: German, Dutch and English (120 and 60) organised under the Fédération Wallonie-Bruxelles. It also gives direct access to the master's degree in linguistics (120) and the master's degree in multilingual communication (120).
