Teaching method

Le programme de bachelier en sciences psychologiques, orientation logopédie est constitué de cours magistraux accompagnés, pour certains, de travaux pratiques en individuel ou en groupe. L'accent est mis sur le caractère pluridisciplinaire de la formation (psychologie, médecine, linguistique), en veillant à respecter les standards européens de formation universitaire de 1er cycle dans le domaine de la logopédie.

Plus précisément, en première année, l'activité « outils de l'étudiant » fournit un support à la réussite et de remise à niveau en maîtrise de la langue. L'étudiant a également l'occasion de se remettre à niveau en anglais. En deuxième année, l'étudiant approfondit ses connaissances sur le langage. En troisième année, l'étudiant a l'occasion de découvrir le milieu professionnel par un stage d'observation, en faisant le lien avec les connaissances théoriques acquises.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Assessment is through written or oral examinations held during the examination sessions.

Mobility and/or Internationalisation outlook

Les étudiants de 3ème année ont la possibilité d'accomplir un séjour d'étude d'un quadrimestre à l'étranger ou en Flandre, dans une université qui organise la formation en logopédie.

Ce type de séjour permet aux étudiants de/d' :

- vivre une expérience humaine unique,
- s'immerger dans une autre culture,
- saisir une opportunité de développement personnel incomparable,
- élargir leur réseau d'amis,
- apprendre une autre langue,
- découvrir d'autres manières d'aborder les sciences psychologiques et de l'éducation,
- avoir accès à des enseignements non proposés à l'UCL,
- établir des collaborations avec des enseignants et des chercheurs étrangers,
- accéder à des universités réputées sur le plan international,
- découvrir les richesses et le patrimoine d'un autre pays, d'une autre région.

Possible trainings at the end of the programme

Students who gain a Bachelor's degree may go on to the Master in Speech and Language Therapy without any further conditions.

Access to the three other Masters organized by the Faculty (Psychology, Education, Family and Sexuality Studies) is also possible: the Academic Secretary must approve the application and additional training will be required.
