

## MINFARM - Introduction

### Introduction

---

## ***THE PROGRAMME'S COURSES AND LEARNING OUTCOMES***

---

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

## MINFARM - Information

### Access Requirements

---

Access to the minor in the science of medicine is limited to students who have already reached the required level in chemistry and biology.

A file listing the credits acquired and an application letter should be sent to the admissions committee of the Ecole de pharmacie, via the secretariat ([celis@sfar.ucl.ac.be](mailto:celis@sfar.ucl.ac.be)/[UCL73.00](mailto:UCL73.00), Av. Mounier, 73 at 1200 Bruxelles), which will judge the suitability of the application.

### Evaluation

---

***The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".***

### Possible trainings at the end of the programme

---

The minor in the science of medicine does not give access to the master's in pharmaceutical science.
