⊗ Un parmi

⊗ LPOLS1221

MINSPOL - Information

Access Requirements

All baccalaureate students are admitted onto the course. The minor in political sciences is recommended to students who are looking for a course to complement their training in human science, hoping to gain an additional 'insight' into another subject or a course to enrich a baccalaureate program, by adding a rigorous analysis of current political phenomena and issues.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Possible trainings at the end of the programme

- Direct access to the master's in political sciences for bachelors in human and social science and for bachelors in sociology and anthropology.
- Access under conditions for other bachelors (with the consent of the person in charge of the program) : consideration will be given to all of the courses the student has taken as part of his/her baccalaureate, and in the event of some course not having been taken, these will be added to the Master's in Political Science program (maximum 15 credits).
