For more information on the procedure for admission by validation of learning from experience (VAE) in the Faculty of Philosophy, Arts and Letters: <https://uclouvain.be/fr/facultes/fial/valorisation-des-acquis-de-l-experience-vae.html>.

Access based on application

Access based on application : access may be granted either directly or on the condition of completing additional courses of a maximum of 60 ECTS credits, or refused.

Eligibility criteria

A candidate's application will be deemed admissible if it meets all of the following criteria:

- Candidate's diploma from a **WHED-recognized institution** (see <https://www.whed.net/home.php>)
- Previous course of study including **at least 3 years of higher education** (equivalent to 180 European credits), leading to an undergraduate degree;
- For holders of a degree from outside Belgium
 - **an overall average of at least 60%** (12/20) for the entire course of study completed at the home institution and leading to admission to this program;
 - **official attestation of proficiency in the language(s)** at the required level (see specific entry requirements), to be attached to the application file. The official attestation must be issued by an organization recognized as a full member by ALTE (see <https://alte.org/Our-Full-Members>).

If a document is missing from the online application, it must be justified (see [UCLouvain Enrolment Department's frequently asked questions](#), in particular "What do I do if my online application asks for a document I don't yet have?")

Applications that are deemed admissible are forwarded to the Faculty by Enrolment Services. Applications that do not meet these criteria are automatically rejected.

Eligibility criteria

Applications for access to the program are submitted to the Faculty by UCLouvain's Registrar's Office, and are examined by the program's jury in accordance with the specific conditions of access detailed above.

The jury decides on the admissibility of candidates on the basis of the information contained in their application file, the quality of the training they have undergone and the results they have obtained.

When examining the application, the jury will pay particular attention to the following points:

- **Consistency** between the candidate's previous academic career and the prerequisites for the targeted program. The match between the candidate's academic background and the UCLouvain bachelor's degree giving direct access to the master's program does not have to be perfect, but the skills acquired (see specific access conditions) must be close; Example: for an application for admission to a master's program in modern languages and literature, the candidate's previous training includes language and literature courses in both modern languages.
- **Grades obtained** in the program's major disciplines (see specific entry requirements);
- **Arguments put forward** by the candidate in his/her cover letter (training project in line with the program in question, coherence between the candidate's application and the program in question, etc.) Example: the language combination requested by the candidate is organized in the program.
- **Original covering letter**. An original covering letter is expected, explaining the personal training project. Any plagiarism or use of artificial intelligence in writing the letter to the jury will result in the application being disqualified.
- **Experience gained**. If the access diploma was obtained more than 5 years ago, it is imperative that the experience acquired since leaving school is directly related to the field of study of the programme applied for.

Modifications to the conditions of access to the Faculty of Philosophy, Arts and Letters for 2025-2026 will be available in this [document](#).
