## SOC2M - Teaching profile

### Learning outcomes

Through the study of different issues such as socialization, identity, culture, power, organization, regulation, class, inequality, cultural and social conflict, globalization, change and social movements, the training in sociology is primarily designed to understand the social players (individuals or groups), their relationships and connections in contemporary society at a time of profound change. The Master in Sociology aims to develop:

- intellectual grasp of the tools and main issues in sociological analysis
- ability to understand social processes and problems for practical purposes related to research, diagnosis, evaluation and social intervention
- ability to maintain a critical distance
- good methodological investigation skills (qualitative or quantitative)
- practical ability to conduct either basic research (research focus) or in a professional field (professional focus) related to social intervention or intercultural relations and development) professional focuses

These skills as a sociologist are required in associations, business, government departments as well as in research departments or in consultancy.

## TEACHING FOCUS [30.0]

**IMPORTANT NOTE:** In accordance with article 138 para. 4 of the decree of 7 November 2013 concerning higher education and the academic organisation of studies, teaching practice placements will not be assessed in the September session. Students are required to make every effort to successfully complete the teaching practice in the June session, subject to having to retake the year.

Cette finalité vise principalement les étudiant(e)s se préparant à l'enseignement dans le secondaire, mais aussi plus largement l'ensemble de ceux qui se destinent à des métiers de formation en Sciences sociales.

## Course prerequisites

---

There are no prerequisites between course units (CUs) for this programme, i.e. the programme activity (course unit, CU) whose learning outcomes are to be certified and the corresponding credits awarded by the jury before registration in another CU.

## The programme's courses and learning outcomes

---

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.
