

**SPTB1BA -**

- Third year: *EU Politics, Media en Politiek, International Organisations, Milieu en samenleving*

The courses are usually taught by faculty members who are native English or Dutch speakers or who have completed all or part of their university studies in English or Dutch.

In addition, students continue to perfect their language skills by taking English and Dutch courses in first, second and third year.

Furthermore, during the second term of the third year, students may take part in an Erasmus exchange at a university in Europe, Asia, North America or South America, whose programmes are taught in a language other than French.

Another option is for students who pass the June exam session to apply for a summer language study grant in Flanders or abroad.

The Saint-Louis - Bruxelles campus also offers a bilingual (French-English) bachelor's degree programme in political science.

### **Pursuing a dual bachelor's degree**

Our dual bachelor's degrees are one of the special features of UCLouvain Saint-Louis - Bruxelles. They allow students to take a second bachelor's degree, in tandem with their main bachelor's degree.

The second programme must comprise a minimum of 60 credits and a maximum of 105 additional credits. It can be spread over several years or completed after the main bachelor's programme.

The dual bachelor's degree has the same value as the main bachelor's degree and provides immediate access to the corresponding master's degree.

## Course prerequisites

---

The **table** below lists the activities (course units, or CUs) for which there are one or more prerequisites within the programme, i.e. the programme CU for which the learning outcomes must be certified and the corresponding credits awarded by the jury before registering for that CU.

These activities are also identified **in the detailed programme**: their title is followed by a yellow square.

### Prerequisites and student's annual programme

As the prerequisite is for CU registration purposes only, there are no prerequisites within a programme year. Prerequisites are defined between CUs of different years and therefore influence the order in which the student will be able to register for the programme's CUs.

In addition, when the jury validates a student's individual programme at the beginning of the year, it ensures its coherence, meaning that it may:

- require the student to combine registration in two separate CUs which it considers necessary from a pedagogical point of view.
- transform a prerequisite into a corequisite if the student is in the final year of a degree course.

For more information, please consult the [Academic Regulations and Procedures](#).
