ROGB1BA - Information

Access Requirements

Decree of 7 November 2013 defining the landscape of higher education and the academic organization of studies.

The admission requirements must be met prior to enrolment in the University.

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.

SUMMARY

- [General access requirements](#)
- [Specific access requirements](#)
- [Access based on validation of professional experience](#)
- [Special requirements to access some programmes](#)

General access requirements

Except as otherwise provided by other specific legal provisions, admission to undergraduate courses leading to the award of a Bachelor's degree will be granted to students with one of the following qualifications :

1. A Certificate of Upper Secondary Education issued during or after the 1993-1994 academic year by an establishment offering full-time secondary education or an adult education centre in the French Community of Belgium and, as the case may be, approved if it was issued by an educational institution before 1 January 2008 or affixed with the seal of the French Community if it was issued after this date, or an equivalent certificate awarded by the Examination Board of the French Community during or after 1994;
2. A Certificate of Upper Secondary Education issued no later than the end of the 1992-1993 academic year, along with official documentation attesting to the student's ability to pursue higher education for students applying for a full-length undergraduate degree programme;
3. A diploma awarded by a higher education institution within the French Community that confers an academic degree issued under the above-mentioned Decree, or a diploma awarded by a university or institution dispensing full-time higher education in accordance with earlier legislation;
4. A higher education certificate or diploma awarded by an adult education centre;
5. A pass certificate for one of the [entrance examinations](#) organized by higher education institutions or by an examination board of the French Community; this document gives admission to studies in the sectors, fields or programmes indicated therein;
6. A diploma, certificate of studies or other qualification similar to those mentioned above, issued by the Flemish Community of Belgium, the German Community of Belgium or the Royal Military Academy;
7. A diploma, certificate of studies or other qualification obtained abroad and deemed equivalent to the first four mentioned above by virtue of a law, decree, European directive or international convention;

Note:

Requests for equivalence must be submitted to the Equivalence department ([Service des équivalences](#)) of the Ministry of Higher Education and Scientific Research of the French Community of Belgium in compliance with the official deadline.

The following two qualifications are automatically deemed equivalent to the Certificate of Upper Secondary Education (Certificat d'enseignement secondaire supérieur – CESS):

- European Baccalaureate issued by the Board of Governors of a European School,
- International Baccalaureate issued by the International Baccalaureate Office in Geneva.

8. Official documentation attesting to a student's ability to pursue higher education (diplôme d'aptitude à accéder à l'enseignement supérieur - DAES), issued by the Examination Board of the French Community.

Specific access requirements

- Access to bachelor programmes for candidates of nationality outside the European Union who are not assimilated to Belgian nationals is subject to the following criteria:
 - not have obtained a secondary education diploma for more than 3 years maximum. Example: for an admission application for the academic year 2024-2025, you must have obtained your diploma during the academic years 2021-2022, 2022-2023 ou 2023-2024. In the French Community of Belgium, the academic year runs from September 14 to September 13
 - not already hold an undergraduate degree
- Candidates, whatever their nationality, with a secondary school diploma **from a country outside the European Union**, must have obtained an average of 13/20 minimum or, failing that, have obtained this average, have passed one year of study in Belgium (for example special Maths / sciences). A non-successful year will not be taken into consideration.

Teaching method

UCLouvain Saint-Louis - Bruxelles places great importance on **educational support for all students**. In the Faculty of Philosophy, Languages & Letters, and Human Sciences, teachers and students are in close contact thanks to the small size of the groups. The Academic Guidance Service (AGS) offers a range of activities and is available to meet students who wish to do so.

Students are exposed to a **variety of teaching methods adapted** to different learning objectives, including lectures, practical seminars, seminars, tutorials, group work and independent study. In addition, when the course allows, alternative teaching methods are used, such as flip teaching, blended learning, inquiry-based learning, etc.

Evaluation

The evaluation methods comply with the regulations concerning studies and exams. More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Three examination sessions are organised during the academic year, in January, June and August/September. First-year students who do not achieve passing grades in the January session have two opportunities to retake specific examinations, in June and August/September.

Over the course of the bachelor's degree in modern languages and literature, there will be oral assessments (oral exams and oral presentations of seminar work) and written assessments (written exams and written personal work). Further information on the specific assessment methods may be found in the course descriptions. Assessment procedures will be specified at the beginning of each course.

Various educational support methods are offered to help students improve their assessment-related skills.

Mobility and/or Internationalisation outlook

Exchange programmes

It is enriching to pursue part of one's programme at a foreign university. Immersed in a new environment, students develop their ability to be adaptable and self-reliant. Furthermore, they often deepen their knowledge of another language and discover a different culture. For these reasons, [interuniversity exchanges](#) – whether through Erasmus or outside Europe – are encouraged.

Students in modern languages and literature can take part in an exchange programme during the third year. They can choose from a range of destinations in countries where Romance or Germanic languages are spoken.

Language study grants

Students who have submitted a motivated request and have obtained sufficient marks in their June exams can obtain a [grant](#) for taking language courses in a European country during the summer holidays. The proposed destinations are mainly in Spain and Italy. The grant covers up to half the cost of the language course and accommodation.

Possible trainings at the end of the programme

The bachelor's degree programme gives direct access to the master's degree in modern languages and literature: general (120 and 60), organised under the Fédération Wallonie-Bruxelles. It also gives direct access to the master's degree in linguistics (120), the master's degree in French and Romance Languages and Literature: French as a foreign language (120), and the master's degree in multilingual communication (120).
