Supplementary classes

To access this Master, students must have a good command of certain subjects. If this is not the case, students must take supplementary classes chosen by the faculty to satisfy course prerequisites.

What is a preparatory module?

It is a set of supplementary classes (courses, practical works, seminars, etc.) from the first cycle (see the non-exhaustive list below). The complementary module (maximum 60 credits) is tailor-made by the jury according to the student's educational background and added to the Master's programme in order to acquire fundamental knowledge to then pursue the 60 credits of the Master's programme.

Who is it for?

- Students from a non-university higher education institution
- Candidates admitted with additional training
- Candidates admitted on the file with additional training

All the explanations are in [this document](#) (in French).

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

Bachelor in Ancient and Modern
Languages and Literatures

Other Master's programmes of UCLouvain are widely accessible, either directly or through supplementary classes, to UCLouvain graduates. For example :

- [Master \[120\] in Public Administration](#)
- [Master \[60\] in Management \(shift schedule\)](#)
- [Master \[120\] in Population and Development Studies](#)

4. Postgraduate internship and socio-professional integration

Students have the opportunity, during their Master's programme or after graduation, to prepare their **socio-professional integration** with the qualified services of the Faculty and of UCLouvain. It is also possible for them to complete their training with a **postgraduate internship** in Belgium or abroad. In some cases, procedural steps must be undertaken during the master's programme.
