

## GEHD2M1 - Introduction

### Introduction

---

#### Introduction

The Master's 60 credits in Management (shift schedule), taught in French, covers most of the basic management programme. It aims to train you in the main management skills to enrich your basic training, previously acquired in another field.

#### Your profile

You:

- have professional experience and you want to strengthen your skills with solid management knowledge;
- want to meet other persons with different training and experience;
- wish to give added value to your profile by developing an understanding of the management issues of the organisations or companies where you will be called upon to practice your profession.

#### Your future job

Management graduates have careers in many sectors: industry, banking and insurance, retail, auditing, private companies, public bodies, SMEs, multinationals, consulting firms.

They are responsible for: management controller, company auditor, investment advisor, financial analyst, HR development manager, project manager, IT consultant, etc.

#### Your programme

The Master's 60 credits in Management (shift schedule) offers you:

- an overview of business management;
- a high-level programme that reconciles the demands of professional and family life with those of university studies;
-

## GEHD2M1 - Teaching profile

### Learning outcomes

Graduate vision

The Master 60 in Management evening course prepares the graduate to meet the challenge of **becoming a socially responsible professional with a global overview of the management professions**.

The **Master 60 in Management evening course**, is a programme that develops the basic skills and expertise necessary for management functions in public or private, national or international, commercial or non-commercial organisations.

A student registering for this programme has already been involved in an active professional life for at least 3 years. Throughout the programme, the student calls on this experience and compares it to the knowledge, tools and theoretical and methodological frameworks, and vice versa. Thus, the Master's programme allows him to consider and enrich his professional and personal development by incorporating an academic approach, a reflective view and critical detachment.

At the end of this programme, the graduate will be:

**Responsible:**

He is capable of implementing socially responsible management practices in private or public organisations.

**A professional:**

- He will have assimilated basic management theories and concepts for efficient, expert use in a future professional environment;
- He is capable of determining the complex and varied issues that commercial or non-commercial organisations encounter in management fields.
- He is capable of locating organisations in their socio-economic and institutional context, understanding the interdependences between the organisation and the environment and translating them into management decisions;
- He will have developed basic skills in all key management functions.

Aware of the responsibility inherent to his profession, the graduate will have acquired the mindset of a critical participant, capable of making decisions in organisational environments by putting **ethical and socially responsible management values** at the centre of his

- 3.4. Perceptively synthesize the essential elements of a situation, demonstrating a certain conceptual distance, to diagnose and identify pertinent conclusions.
- 3.5. Produce, through analysis and diagnosis, implementable solutions in context and identify priorities for action.
4. **Innovation ad Entrepreneurship:** Innovate, initiate and lead change.
  - 4.1. Identify new opportunities, propose creative and useful ideas in situations that require new strategic approaches, break with existing models and paradigms, promote progress and change.

## Holders of a non-University 2nd cycle degree

Here are the [general and specific access requirements](#) to this Master's degree for holders of a Belgian non-university second cycle diploma. If you meet these conditions, we invite you to [submit an online UCLouvain access request \(https://uclouvain.be/en/study/inscriptions/futurs-etudiants.html\)](https://uclouvain.be/en/study/inscriptions/futurs-etudiants.html). The jury reserves the right to add up to 10 additional course credits to the programme for students who lack the required background in economics, mathematics or statistics.

## Access based on validation of professional experience

> It is possible, under certain conditions, to use one's personal and professional experience to enter a university course without having the required qualifications. However, validation of prior experience does not automatically apply to all courses. Find out more about [Validation of priori experience](#).
