

ANAP2MC - Teaching profile

Learning outcomes

This complementary master's programme aims to prepare doctors to be recognised holders of the special professional title of Specialist Doctor in Pathological Anatomy. (Ministerial Decree of 26.04.198, published on the 01.07.1982).

Programme structure

The training course includes full time apprenticeships in recognised services and teaching centres. It lasts for at least five years, full-time, and is divided up into two years of foundation studies including specific university courses, followed by three years of extended studies. The apprenticeship project established by the university promoter must be approved by the ministerial validation committee for the speciality. These apprenticeships include being on call.

o

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.
