

ANES2MC - Teaching profile

Learning outcomes

Ce programme de 2e cycle complémentaire a pour objectif de préparer les médecins à l'agrément comme titulaire du titre professionnel particulier de médecin spécialiste en Anesthésie - Réanimation (A.M. du 15.09.1979 publié le 26.09.1979). Au terme de sa formation, le candidat sera capable de délivrer le mode d'anesthésie le plus approprié à tout patient électif ou urgent requérant une intervention médicale ou chirurgicale, il aura acquis une expertise particulière dans le domaine du traitement de la douleur, et dans le domaine de la prise en charge des urgences intra- et extra-hospitalières. Il sera capable d'intégrer ces techniques dans le cadre d'une prise en charge pré- per- et postopératoire cohérente.

Programme structure

The training course includes full time apprenticeships in recognised services and teaching centres. It lasts for at least five years, full-time, and is divided up into two years of foundation studies consisting of a specific university education, followed by three years of extended studies. The apprenticeship project established by the university promoter must be approved by the ministerial validation committee for the speciality. These periods of practical training include being on call.
