APPGEOG - Introduction

Introduction

Introduction

In this degree you are given the opportunity to reinforce your competences in geography through two main channels.

On the one hand, field teaching and projects covering various landscapes and territories in Belgium, that will be studied in detail using the tools of geography.

On the other hand, a choice methodological and thematic courses selected outside of the school to usefully complement the major are also offered.

APPGEOG - Teaching profile

Learning outcomes

To provide students with additional training in a discipline different to that received during their baccalaureate major.

On successful completion of this programme, each student is able to :

1

Use autonomously and in a relevant fashion classic preprocessed database to extract information in the context of a well-specified geographic question .

2

Discuss the validity of the data used and the results of the analysis.

3

Work in a constructive and productive way as part of a team.

4

Present results on a well-define geographic question in its natural and human dimensions.
