

## APPSBIM - Introduction

### Introduction

---

## APPSBIM - Teaching profile

### Learning outcomes

---

The aim of this 30-credit training program is to allow the student to better acquaint him/herself with the various sections proposed on the master's course (cellular and molecular biology, clinical biomedical science, toxicology and human nutrition).

### Programme

---

#### *DETAILED PROGRAMME BY SUBJECT*

---

- Mandatory
  - ✘ Optional
  - △ Not offered in 2024-2025
  - Not offered in 2024-2025 but offered the following year
  - ⊕
-

|             |                                 |                                                                                                                       |                                                                                                               | Year |   |
