BBEB1BA - Introduction

Introduction

Introduction

PLEASE NOTE: The Bachelor of Science in Business Engineering is a joint program organised by KU Leuven and UCLouvain Saint-Louis Bruxelles. In order to register, all candidate must first submit an application via [the KU Leuven admission platform](#). The [conditions of access](#) to this programme are specific.

The Bachelor of Science in Business Engineering in Brussels is a joint English-taught programme organised by the Faculty of Economics and Business of **KU Leuven** and the Faculty of Economics, Social and Political Sciences and Communication of the **UCLouvain Saint-Louis – Bruxelles**. Both institutions are situated in the heart of the city, near Brussels Central Station. Students will attend courses and take exams at both institutions and obtain a **joint degree**.

Companies and organizations today operate in a highly complex and interconnected world, where they must navigate rapid technological changes, global competition, and evolving consumer expectations. To thrive in this environment, they make critical decisions that affect every aspect of their operations, from financial planning to marketing strategies, production efficiency and human resource management.

Through assignments and projects, in close contact with organizations (e.g. management projects, bachelor's thesis and career development courses), you develop general and specific management competencies, career and research skills and a sense of entrepreneurship.

[Discover how this programme prepares you for the job market](#)

Your programme

Duration: 3 years (full-time), 180 ECTS

EEA nationals and Non-EEA nationals who reside in Belgium under a valid residence permit can follow less than 60 ECTS per academic year and accordingly spread their studies in several years. This possibility needs to be discussed with a study career consultant. Note that there are no part-time, evening or weekend courses organized for this category of students.

Academic calendar

- 1st semester: 3rd week of September - end of January (exams in January) (In the build-up to the beginning of the academic year: [Mathematics refreshers course](#) and assessment)
- 2nd semester: 2nd week of February - end of June (exams in June)

*Note: The academic year at UCLouvain - Saint-Louis - Bruxelles starts a week earlier so the courses they organise start the week before the regular academic year at KU Leuven.

At the end of the Programme students will be able to:

- **Use written and oral communication skills in English and be able to defend a scholarly argument or present a piece of**

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Mobility and/or Internationalisation outlook

The Business Engineering programme also has a strong international focus. Students can participate in [exchange programmes](#) with numerous partners both within and outside Europe.

Possible trainings at the end of the programme

After obtaining the Bachelor's degree in Business Engineering, you can continue your studies in this field by completing the [Master's degree programme in Business Engineering](#) but you are also prepared for any Master's degree in Economics and Business with a strong quantitative focus.
