BIOL2A - Teaching profile

Learning outcomes

1. Vision of the diploma

Teaching biology to students in secondary education, such is the challenge that the aggregation student (didactics course) prepares to face. The vision of aggregation in biology (didactics course) is to provide him or her with an initial training that will enable the student to mobilize the necessary skills to start out effectively in the profession of teacher and to develop positively.

Today's teachers are called on to play an essential role for their students, so say the "mission decrees" of 24 July 1997:

- to promote self-confidence and the development of the person of each student;
- to show the students how to assimilate knowledge and acquire the skills to make them able to learn throughout their lives and take an active place in economic, social and cultural life;
- to prepare all students to become responsible citizens, capable of contributing to the development of a democratic, solidarist, pluralist society open to other cultures;
- to guarantee all students equal opportunities for social emancipation.

The initial teacher training is based on the command of existing skills and abilities (developed in part in the core of the programme) that the student must mobilize and developing through different aggregation activities (didactics course):

- the knowledge and discipline(s) to be taught;
- clear, correct communication in the language of teaching, both oral and written;
- a critical, autonomous relation with the reference knowledge (scientific and cultural);
- relational capacities associated with the profile of the profession;
- a rich general knowledge and an openness to the diversity of cultures allowing future students to be made receptive to the world;
-

- des stages dans l'enseignement secondaire supérieur (60h);
- des séminaires en petits groupes;
- des cours magistraux et des conférences.

Une partie de ces activités est commune à toutes les disciplines (elles portent le sigle AGRE), l'autre partie est propre à la discipline (ces activités portent un sigle disciplinaire). Les activités totalisent 300 heures (30 crédits).

La formation diplômante « Agrégation de l'enseignement secondaire supérieur » est organisée en référence au décret du 8 février 2001 relatif à la formation initiale des enseignants du secondaire supérieur en Communauté française de Belgique et au décret du 17 décembre 2003 organisant la neutralité inhérente à l'enseignement officiel subventionné et portant diverses mesures en matière d'enseignement.

Le programme détaillé correspond aux 30 crédits de la finalité didactique là où elle est organisée. Si aucune finalité didactique n'est organisée dans la discipline, un programme d'agrégation spécifique propose les trois types d'activités, dans le respect des décrets sus-mentionnés.

BIOL2A Programme

Detailed programme by subject

IMPORTANT NOTE: In accordance with article 138 para. 4 of the decree of 7 November 2013 concerning higher education and the academic organisation of studies, teaching practice placements will not be assessed in the September session. Students are required to make every effort to successfully complete the teaching practice in the June session, subject to having to retake the year.

- Mandatory
- ⊗ Optional
- △ Not offered in 2024-2025
- ⊖ Not offered in 2024-2025 but offered the following year
- ⊕ Offered in 2024-2025 but not the following year
- △ ⊕ Not offered in 2024-2025 or the following year
- Activity with requisites
- 🌐 Open to incoming exchange students
- 🚫 Not open to incoming exchange students
- (FR) Teaching language (FR, EN, ES, NL, DE, ...)

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

BIOL2A - Information

Access Requirements

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.

Decree of 7 November 2013 defining the landscape of higher education and the academic organization of studies.

The admission requirements must be met prior to enrolment in the University.

Unless explicitly mentioned, the bachelor's, master's and licentiate degrees listed on this page are to be understood as those issued by an institution of the French, Flemish or German-speaking Community, or by the Royal Military Academy.

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.

SUMMARY

- [General access requirements](#)
- [Specific access requirements](#)
- [French language proficiency examination](#)
- [Reduced credit registration](#)
- [Open to adults](#)

General access requirements

Secondary school teacher training (AESS) is open only to holders of a Master's (second-cycle) degree awarded within the French Community of Belgium or a degree obtained abroad and deemed [equivalent in accordance with this Decree](#), a European directive, an international convention or other legislation, subject to the same requirements.

Students in the final stages of a minimum 120-credit Master's degree at an institution in the French Community may simultaneously enrol for teacher training. However, students admitted on these terms cannot be officially accepted until they have obtained the necessary Master's degree.

Specific access requirements

Conditions spécifiques d'admission

Le programme est potentiellement accessible à tout étudiant détenteur d'une licence ou d'un master :

- en sciences biologiques (BOE2M, BBMC2M, BIOL2M1) - accès direct
- en bioingénieur - sur accord de la faculté
- en médecine - sur accord de la faculté
- en sciences dentaires) - sur accord de la faculté
- en médecine vétérinaire - sur accord de la faculté
- en sciences biomédicales - sur accord de la faculté
- en sciences pharmaceutiques - sur accord de la faculté

L'accord facultaire est nécessaire pour les diplômés d'une autre faculté que la Faculté des sciences. [Demande à introduire juste après avoir entamé les démarches d'inscription](#)

Procédures particulières d'admission et d'inscription

Outre l'inscription au rôle de l'UCLouvain (Halles universitaires, Service des inscriptions) > [Inscription et financement](#), les étudiants qui n'ont pas un accès direct sont d'[introduire un dossier au secrétariat de leur faculté](#).

French language proficiency examination

Anyone not demonstrating [sufficient proficiency in French](#) will not be admitted to teacher training (AESS) examinations.

Reduced credit registration

The teaching degree programme is 30 credits. Exceptionally, the faculty may grant certain students a dispensation to organise their studies differently, such as registering for a programme which may have fewer than 30 credits during an academic year. This dispensation is the subject of an agreement between the student and the faculty, drawn up at the time of registration and reviewed annually. Such dispensations may only be granted for duly attested professional, academic, social or medical reasons. Reasoned applications for a reduced programme must be submitted at the time of registration. They must contain a reduced programme proposal in accordance with faculty guidelines.

Open to adults

On the Louvain-la-Neuve campus:

Some classes take place according to a staggered schedule. Cross-curricular classes and seminars are offered in several series with different schedules; students choose the series whose schedule suits them best.

On the Mons campus:

All classes-but not internships- take place according to a staggered schedule (weekday evenings and Saturdays)

Specific professional rules

Successful completion of the Teacher Training Certificate (upper secondary education) leads to the award of the title of secondary school education specialist.

The [Réforme des Titres et Fonctions](#) ("Titles and Functions Reform"), in force since 1 September 2016, is intended to harmonise the titles, functions and pay scales of basic and secondary education professionals in French Community of Belgium networks.

It also aims to guarantee the priority of preferred titles over minimum titles and to establish a regime for titles in short supply.

AESS holders can learn which functions they can carry out and the pay scales from which they can benefit by [clicking here](#).

The university cannot be held responsible for any problems that students may encounter at a later date with a view to a teaching appointment in the French Community of Belgium.

Teaching method

Le programme se partage entre plusieurs types d'activités : des cours magistraux, des séminaires en petits groupes interdisciplinaires ou intradisciplinaires et une variété de stages (observation de pratiques enseignantes dans des classes, immersion durant 2 ou 3 journées dans une institution scolaire, pratiques d'enseignement en duo ou solo dans différentes classes et diverses filières d'enseignement).

L'implication active de l'étudiant dans la construction de ses savoirs est particulièrement sollicitée dans la réalisation et l'analyse de ses stages, dans les séminaires organisés en petits groupes et d'une manière générale dans les travaux individuels et de groupe qui fondent l'évaluation de plusieurs enseignements.

La charge de travail liée à l'ensemble du programme (aux 40 heures de stage d'enseignement notamment) est importante, elle exige un investissement sur une année académique. Elle n'est pas compatible avec la réalisation d'un autre programme pour plus de 30 crédits.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".
