The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

LAFR2M1 -

- Previous course of study including **at least 3 years of higher education** (equivalent to 180 European credits), leading to an undergraduate degree;
- For holders of a **degree from outside Belgium:**

1.

Teaching method

The majority of courses on this programme use interactive teaching methods, inspired by the principles of the project 'gérer sa formation' or 'managing your training' (student autonomy guaranteed thanks to new ICT resources, e-learning, teaching teams, practice of oral and written communication, etc) . The programme familiarises the student with new resources and methods in the field of classical and Romance studies. The options programme foresees training in other disciplines, such as history and archeology.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Written and oral exams aim to test both knowledge acquired as well as the student's know-how and communication skills. Some subjects, geared towards helping the student develop skills in research and personal criticism, are the subject of presentations and discussions spread over the year (permanent assessment).

Courses are evaluated according to current university regulations (see General Examination Regulations). Students may find further information on specific evaluation methods in the course descriptions.

To obtain a student's average, the grades awarded for each course unit are weighted by their respective credits.

Mobility and/or Internationalisation outlook

The participation in an international mobility scheme is not authorized within the framework of this 1-year master's programme.

Nevertheless, courses in Latin language and literature can be borrowed from the programme of KU Leuven, in line with the UCLouvain-KU Leuven agreement.
