

## CRIM2M - Introduction

### Introduction

---

#### Introduction

The School of Criminology provides specialized multidisciplinary training which allows to understand crime in all its complexity. The training focuses on several disciplinary areas: criminal law and criminal practices; psychological processes involved in the tran049 ontrothe trime ; soiali

## CRIM2M - Teaching profile

### Learning outcomes

---

The goal of the master is to offer the students the theoretical and methodological resources to understand criminality and penalty and, more generally, deviance and social control.

The professional focus master aims to help students specialise in intervention in order to be able to teach in sectors aiding and protecting young people, the police, executing penalties and criminal measures, legal aid and dealing with delinquency.

The research focus master aims to train students in careers in research and analysis in the fields of psychological or sociological criminology and criminal policy.

Skills developed :

- Deeper understanding and critical analysis of criminality and penalty, deviance and social control, and the scientific work devoted to these phenomena;
- Conducting interviews ; intervening in situations of conflict and crisis, reflecting on intervention practices
- Wording of research questions; building up research tools; carrying out empirical research; thinking about research practices.

Knowledge to acquire :

- Major theories in psychological and sociological criminology from the crime to the administration of criminal justice;
- Intervention and research methodology ;
- Legal matters in relation to criminality and penalty.

On successful completion of this programme, each student is able to :

- **Maîtriser** de manière intégrée **un corpus de connaissances relatives aux disciplines principales** (droit, psychologie, psychiatrie, sociologie, sciences médico-légales) autour desquelles s'articule la criminologie, corpus sur lequel le diplômé s'appuie pour comprendre et réfléchir une « situation-problème » intéressant la criminologie.
- Maîtriser le corpus de lois et de règles qui d'une part érigent certaines situations en infractions et d'autre part définissent et organisent les façons dont les autorités publiques les appréhendent et les résolvent.
-

- **Concevoir et réaliser un travail de recherche de nature transdisciplinaire** (mémoire), mettant en œuvre une démarche

All Bachelor

Access based on application

Subject to approval of application

Additional training to be determined depending on the program followed previously: maximum 60 credits

## Non university Bachelors

> Find out more about [links](#) to the university

Non-university bachelors who have access to the master's degree in criminology will have to add to their master's program [additional training](#) that can reach a maximum of 60 credits (to be determined depending on the program followed previously)

Diploma

Diploma

Every holder of a foreign Master

Access based on application

Subject to approval of application

Additional training to be determined depending on the program followed previously: maximum 60 credits

## Holders of a non-University 2nd cycle degree

Access based on application.

## Access based on validation of professional experience

> It is possible, under certain conditions, to use one's personal and professional experience to enter a university course without having the required qualifications. However, validation of prior experience does not automatically apply to all courses. Find out more about [Validation of priori experience](#).

Adults who wish to enhance their professional experience or personal achievements in the field of criminology (justice houses, police, prisons, crime prevention...) will apply to the Admission Commission of the School of Criminology by submitting a VAE file.

Candidates must be able to justify at least 5 useful years of personal and/or professional experience, including successful years of higher education. For more information, please visit <https://uclouvain.be/fr/facultes/drt/ecri/vae.html>.

They will be able to accede to the Master in Criminology with the addition of additional teaching determined according to the previous course (maximum 60 credits). For more information, visit <https://uclouvain.be/fr/facultes/drt/ecri/mon-programme-de-cours.html>.

## Access based on application

Access based on application : access may be granted either directly or on the condition of completing additional courses of a maximum of 60 ECTS credits, or refused.

## Admission of students holding a non-Belgian degree

### 1. Conditions of admissibility of an application for admission to the Master's degree in criminology

The admission file of students who have successfully completed an undergraduate degree (minimum 3 years) **in Europe** will only be

## Teaching method

---

### First year of the master

Cross-disciplinary training in sociology, psychology and law

### Second year of the master

Professional focus: the professional focus prolongs the core courses through cross-disciplinary training made up of criminological integration courses.

The student's understanding of criminality, penalty will be put to the test through a 300h internship, which will also help him develop analytical and intervention skills.

**Research focus:** the research focus prolongs the core courses by going into more depth on major theoretical views, not by giving the student encyclopaedic knowledge but rather with a view to highlighting the link between epistemological, theoretical and methodological options.

## Evaluation

---

*The evaluation methods comply with the*
