

DERM2MC - Introduction

Introduction

DERM2MC - Teaching profile

Learning outcomes

This complementary master's programme aims to prepare doctors to become officially recognised holders of the specific professional title of Specialist Doctor in Dermato-Venereology (Ministerial decree of the 15.09.1979, published on 26.09.1979).

Programme structure

The training course includes full time apprenticeships in recognised services and teaching centres. It lasts for at least four years, full-time, at least two years of which will be carried out in a hospital-linked service (with consultations) and at least one year in a polyclinic. The apprenticeship project established by the university promoter, must be approved by the ministerial validation committee for the speciality. These periods of practical training include being on call.

Admission procedures

Applications for admission must be addressed to the academic supervisor.

The organisation of the entrance selection tests is arranged in accordance with the calendar and the general examination rules and regulations.

Specific professional rules

These studies lead to a professional title subject to specific rules or restrictions on professional accreditation or establishment.

You will find the necessary legal information by [clicking here](#).

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

First part

An evaluation of the knowledge acquired is carried out at the end of this first period. It is completed by means of a national exam (inter-university) relating to fundamental biological knowledge on dermatology.

Further to the application of the Royal Decree of 16 March, 1999, at the end of the first two years of training, the candidate will receive an attestation proving that he has successfully accomplished a specific university training course.

Second part

A final evaluation is carried out, in the form of an interview. The writing of one publication, minimum (principal author in an international review with peer review).

Upon fulfilment of the above-described training requirements, the teaching committee will award the academic title in Dermato - Venereology.

This title does not replace official recognition by the ministerial validation committee. It attests the successful completion of an academic and scientific study programme in the context of specialised training leading to this validation.
