Holders of a non-University 2nd cycle degree

Here are the [general and specific access requirements](#) to this Master's degree for holders of a Belgian non-university second cycle diploma. If you meet these conditions, we invite you to [submit an online UCLouvain access request](#). The jury reserves the right to add up to 10 additional course credits to the programme for students who lack the required background in economics, mathematics or statistics.

Access based on validation of professional experience

> It is possible, under certain conditions, to use one's personal and professional experience to enter a university course without having the required qualifications. However, validation of prior experience does not automatically apply to all courses. Find out more about [Validation of priori experience](#).

For professionals who wish to acquire a basic education in management sciences, the [60-credit Master in Management \(shift-schedule; entirely in French\)](#) is made for you. You can also have a look at the [executive education proposed at the Louvain School of Management](#).

Access based on application

Access based on application : access may be granted either directly or on the condition of completing additional courses of a maximum of 60 ECTS credits, or refused.

Access based on application for (future) holders of a **Belgian or a non Belgian degree** : you must of course meet the general and specific access requirements mentioned in the table above according to the degree you have or will obtain and then you must [complete and submit an online application to UCLouvain and follow the procedure](#)

Admission and Enrolment Procedures for general registration

Before submitting an access request, we invite you to look carefully at the table above and see if access is possible.

If you think you have access to this Master, here is how the procedure will work:

1. You must submit an [online access request](#), after filling in all the required fields and providing the required documents.
2. The central service of the university will check your application.
3. If you have an access on file, the central service will forward your file to the faculty (Louvain School of Management) which will analyse your access in relation to the specific conditions visible in the table above.
4. The positive or negative decision of the faculty is then transmitted to the central service.
5. The central service will check various final elements before sending you the final decision, which will be either a refusal or the "Autorisation d'inscription" document. The latter will allow you to register officially at the university.

Teaching method

This program provides general training and broad exposure relative to various areas of management.

It attempts to achieve an integration of such different areas in order to obtain a global understanding of businesses and to develop decision making and implementation capacity. With this objective, the program offers, on top of lectures which help structure business knowledge, the use of case studies and problem solving exercises. In this order, team work is often relied on.

This program intends to attract a target audience highly varied in its professional background and country of origin. The confrontation of different points of view among students, professors, lecturers and external speakers enriches students' perspectives on management and economics.

For students who face gaps in Economics or Maths / Statistics, courses will be added to their program in order to acquire the necessary prerequisites for a good understanding of management.

The lectures are complemented with individual or teamwork exercises, games, business simulation activities and in general, with tools that facilitate the understanding and assimilation of the concepts presented, even by students whose prior background is rather unrelated to management. This approach to learning is in line with the recent pedagogical reform at LSM-LLN and it has been widely appreciated by students. It has also been recently highlighted by the external auditors via the EQUIS accreditation procedure.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

There are different methods of assessment: individual and/or group work and/or written and oral examinations.

Mobility and/or Internationalisation outlook

This programme has, for many years, attracted a significant proportion of international students (+/-30%) who have already gained a first degree in their home country and who wish to have additional training in management.

Possible trainings at the end of the programme

- [Master \[120\] in Management](#) (site of Louvain-la-Neuve)
- [Master \[120\] in Management](#) (site of Mons)
