Introduction

FIAL3CE - Teaching profile

FIAL3CE Programme

Detailed programme by subject

The research placement takes place under the responsibility of a co-supervisor or an adviser who is a tenured member of the academic or research staff, who is the contact person for the doctoral student's home institution.

Apart from particular cases specially approved by the Faculty, the total length of the visit(s) made by the doctoral student to UCL may not be less than 6 months and may not extend to more than 4 years.

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.
