Programme structure

The student's programme represents 180 credits. It is composed of a major of 150 credits and an option of 30 credits.

The programme comprises a pool of subjects common to the ensemble of the bachelor programmes of the ESPO Faculty (principally in the first year) and aims at fostering progressive orientation and providing training rich in the diversity of the ensemble of the subject areas relevant to the ESPO. The common pool of subjects facilitates the student's possibility of re-orientation, after the January session, towards one or another programme in the Faculty.

The major likewise corresponds to 8 credits from personally selected options.

All students may select a more advanced course in Economics or Business, or a minor (introduction to another subject) of 30 credits. Whatever the choice, access to the master's of Economic Science or Business Science is an automatic possibility.

List of available minors

During the second and third year, every student selects an in-depth course in Economics or in Business or a minor of 30 Credits . The choice of the minor must be approved by the Programme Supervisor.

[> Minor in Law \(access\)](#)

Course prerequisites

The **table** below lists the activities (course units, or CUs) for which there are one or more prerequisites within the programme, i.e. the programme CU for which the learning outcomes must be certified and the corresponding credits awarded by the jury before registering for that CU.

These activities are also identified **in the detailed programme**: their title is followed by a yellow square.

Prerequisites and student's annual programme

As the prerequisite is for CU registration purposes only, there are no prerequisites within a programme year. Prerequisites are defined between CUs of different years and therefore influence the order in which the student will be able to register for the programme's CUs.

In addition, when the jury validates a student's individual programme at the beginning of the year, it ensures its coherence, meaning that it may:

- require the student to combine registration in two separate CUs which it considers necessary from a pedagogical point of view.
- transform a prerequisite into a corequisite if the student is in the final year of a degree course.
