

## APPGEO - Teaching profile

### Learning outcomes

To provide students with additional training in a discipline different to that received during their baccalaureate major.

On successful completion of this programme, each student is able to :

- 1 Use autonomously and in a relevant fashion classic preprocessed database to extract information in the context of a well-specified geographic question .
- 2 Discuss the validity of the data used and the results of the analysis.
- 3 Work in a constructive and productive way as part of a team.
- 4 Present results on a well-define geographic question in its natural and human dimensions.
