## HIAB1BA - Introduction

### Introduction

#### Introduction

The Faculty of Philosophy, Languages & Letters, and Human Sciences Saint-Louis offers a **bilingual French-English** bachelor's degree in history. This programme is the only one of its kind in French-speaking Belgium, and combines general courses, history courses and practical education in both languages. Students will develop academic, linguistic and intercultural skills.

Students take a language test during the first week in order to assess their level of English. Students can join the [French bachelor's degree programme](#) at any time.

#### Studying history

The study of history means learning about the past as well as taking a retrospective look at the human adventure, thereby helping us to understand the contemporary world and build the one to come.

The study of history means exploring and understanding periods other than our own. It allows us to learn how to build bridges between

additional bachelor's degree and are therefore no longer subject to assessment. The additional bachelor's degree has the same value as the main bachelor's degree and provides immediate access to the corresponding master's degree.

The following additional bachelor's degrees are available:

- [Bachelor in Philosophy \[Dual Bachelor's degree for the holder of a Bachelor in History\]](#)
- [Bachelor in Political Sciences \[Dual Bachelor's degree for the holder of a Bachelor in History\]](#)
- other additional bachelor's degrees on request.

## Access based on validation of professional experience

Admission to undergraduate studies on the basis of accreditation of knowledge and skills obtained through professional or personal experience (Accreditation of Prior Experience)

Subject to the general requirements laid down by the authorities of the higher education institution, with the aim of admission to the undergraduate programme, the examination boards accredit the knowledge and skills that students have obtained through their professional or personal experience.

This experience must correspond to at least five years of documented activity, with years spent in higher education being partially taken into account: 60 credits are deemed equivalent to one year of experience, with a maximum of two years being counted. At the end of an assessment procedure organized by the authorities of the higher education institution, the Examination Board will decide whether a student has sufficient skills and knowledge to successfully pursue undergraduate studies.

After this assessment, the Examination Board will determine the additional courses and possible exemptions constituting the supplementary requirements for the student's admission.
