### Learning outcomes

"Speech and language therapists work in the field of communication and language therapy. They intervene in disorders involving speech, the voice and oral and written language, whatever their origin, in children, adolescents, adults and elderly people." (The Permanent Liaison Committee for Speech Therapists of

the European Union, a European grouping of national professional associations in the European Union).

The programme provides the psychological, medical, linguistic and methodological foundations relevant to speech and language therapy. It develops the necessary skills to analyze the complexity of human behaviour, relationships and situations with their biological and sociocultural aspects. To be able to go on to the Master in speech and language therapy, students must :

- acquire the knowledge (medical, psychological, linguistic, sociocultural and philosophical), concepts and theories which underpin this analysis;
- develop critical analytical skills of their implications and conditions of use in patients;
- have good oral and written communication skills, including in English ;
- acquire the methodologies necessary to practise the profession.

On successful completion of this programme, each student is able to :

A. Analyser une situation (individuelle ou collective), y inclus une situation relative au langage, à la communication ou au calcul, en mettant en œuvre théories et approches pertinentes.

**A1.** Maitriser un socle de connaissances qui permettent de comprendre et d'expliquer :

- a) un individu, un groupe ou une organisation,
- b) le développement normal et pathologique du langage, de la communication et du calcul.

**A2.** Observer, analyser, modéliser, critiquer et interpréter de manière argumentée :

- a) une situation (individu, groupe ou organisation) en référence à des théories et résultats de recherche, méthodes et outils relevant de la psychologie.
- b) Une situation (relative au développement normal et pathologique du langage, de la communication et du calcul) en référence à des théories et résultats de recherche, méthodes et outils relevant de la logopédie et en se fondant sur des connaissances en psychologie, en médecine et en linguistique.

B. Maîtriser les connaissances, théories et outils qui sont indispensables pour élaborer un plan d'intervention, théoriquement et empiriquement justifié, mettre en œuvre ce plan, en évaluer l'efficacité afin de modifier une situation individuelle, collective ou d'ordre logopédique.

**B1.** Maitriser de manière critique les connaissances :

- a) à propos des interventions visant à améliorer une situation donnée (individu, groupe ou organisation)
- b) relatives au fonctionnement normal et pathologique d'un individu sur le plan logopédique.

**B2.** Identifier les interventions pertinentes visant à améliorer :

- a) une situation donnée simple (individu, groupe ou organisation)
- b) une situation relative au fonctionnement pathologique d'un individu sur le plan logopédique.

C. Communiquer de façon structurée une information précise, correcte et pertinente, adaptée au contenu ainsi qu'à l'interlocuteur et intentions visés.

**C1.** Présenter oralement et par écrit une synthèse en l'adaptant à différents publics et aux intentions poursuivies.

**C2.** Structurer et présenter clairement de façon correcte, neutre, argumentée des données recueillies et conclusions.

D. Interagir efficacement avec différents acteurs impliqués dans une situation donnée.

**D1.** Se mettre à l'écoute d'autrui en situations d'apprentissage et en milieux professionnels.

**D2.** Interagir et collaborer de manière constructive avec différents acteurs impliqués dans une situation donnée et s'intégrer au sein d'une équipe et participer à sa dynamique, en situations d'apprentissage.

**D3.** Adopter une posture ouverte et critique et se distancier par rapport à ses propres représentations et préjugés tout en sachant transmettre son propre point de vue avec respect, en situations d'apprentissage.

E. Agir en tant qu'universitaire, de manière rigoureuse et responsable, déontologique et éthique.

**E1.** Maitriser les étapes, les méthodologies et les outils de la recherche scientifique en psychologie, en sciences de l'éducation et en logopédie.

**E2.** Identifier l'apport et les limites de la recherche scientifique en psychologie, en sciences de l'éducation et en logopédie pour la compréhension de situations données.

**E3.** Penser et agir en se référant aux principes de l'éthique et de la déontologie.

F. Evaluer et développer ses connaissances, compétences et attitudes en ayant en perspective son développement personnel et professionnel.

**F1.** Mettre en œuvre les moyens et les opportunités pour se développer en tant que personne et futur professionnel.

**F2.** Mettre en œuvre les moyens et les opportunités pour développer son propre projet professionnel.

## LOGO1BA - Information

### Access Requirements

Decree of 7 November 2013 defining the landscape of higher education and the academic organization of studies.

The admission requirements must be met prior to enrolment in the University.

**In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.**

#### SUMMARY

- [General access requirements](#)
- [Specific access requirements](#)
- [Access based on validation of professional experience](#)
- [Special requirements to access some programmes](#)

### General access requirements

Except as otherwise provided by other specific legal provisions, admission to undergraduate courses leading to the award of a Bachelor's degree will be granted to students with one of the following qualifications :

1. A Certificate of Upper Secondary Education issued during or after the 1993-1994 academic year by an establishment offering full-time secondary education or an adult education centre in the French Community of Belgium and, as the case may be, approved if it was issued by an educational institution before 1 January 2008 or affixed with the seal of the French Community if it was issued after this date, or an equivalent certificate awarded by the Examination Board of the French Community during or after 1994;
2. A Certificate of Upper Secondary Education issued no later than the end of the 1992-1993 academic year, along with official documentation attesting to the student's ability to pursue higher education for students applying for a full-length undergraduate degree programme;
3. A diploma awarded by a higher education institution within the French Community that confers an academic degree issued under the above-mentioned Decree, or a diploma awarded by a university or institution dispensing full-time higher education in accordance with earlier legislation;
4. A higher education certificate or diploma awarded by an adult education centre;
5. A pass certificate for one of the [entrance examinations](#) organized by higher education institutions or by an examination board of the French Community; this document gives admission to studies in the sectors, fields or programmes indicated therein;
6. A diploma, certificate of studies or other qualification similar to those mentioned above, issued by the Flemish Community of Belgium, the German Community of Belgium or the Royal Military Academy;
7. A diploma, certificate of studies or other qualification obtained abroad and deemed equivalent to the first four mentioned above by virtue of a law, decree, European directive or international convention;

Note:

Requests for equivalence must be submitted to the Equivalence department ([Service des équivalences](#)) of the Ministry of Higher Education and Scientific Research of the French Community of Belgium in compliance with the official deadline.

The following two qualifications are automatically deemed equivalent to the Certificate of Upper Secondary Education (Certificat d'enseignement secondaire supérieur – CESS):

- European Baccalaureate issued by the Board of Governors of a European School,
- International Baccalaureate issued by the International Baccalaureate Office in Geneva.

8. Official documentation attesting to a student's ability to pursue higher education (diplôme d'aptitude à accéder à l'enseignement supérieur - DAES), issued by the Examination Board of the French Community.

### Specific access requirements

- Access to bachelor programmes for candidates of nationality outside the European Union who are not assimilated to Belgian nationals is subject to the following criteria:
  - not have obtained a secondary education diploma for more than 3 years maximum. Example: for an admission application for the academic year 2024-2025, you must have obtained your diploma during the academic years 2021-2022, 2022-2023 ou 2023-2024. In the French Community of Belgium, the academic year runs from September 14 to September 13
  - not already hold an undergraduate degree
- Candidates, whatever their nationality, with a secondary school diploma **from a country outside the European Union**, must have obtained an average of 13/20 minimum or, failing that, have obtained this average, have passed one year of study in Belgium (for example special Maths / sciences). A non-successful year will not be taken into consideration.
