Introduction

LOGO2M - Teaching profile

Learning outcomes

The Master in Speech and Language Therapy is a training course with a professional focus which prepares students to become practice speech therapy at a professional level.

The speech therapist deals with communication and language and intervenes in disorders involving speech, the voice, oral and written language and arithmetic, whatever their origin, with children, adolescents, adultes and elderly people. Between medicine and psychology, training in speech and language therapy means that interventions are scientifically based, technically effective and deeply humane. The programme for the Master in Speech and Language Therapy is designed to develop theory-driven clinical skills and

E6. Identifier les limites de sa propre expertise et avoir connaissance des spécificités des professions médicales et paramédicales connexes et ce, afin de pouvoir réorienter le patient lorsque c'est nécessaire.

F. Evaluer et développer ses connaissances, compétences et attitudes en ayant en perspective son développement personnel et professionnel.

F1. Intégrer une logique d'auto-évaluation, d'apprentissage et de développement continu indispensable pour ajuster ses pratiques et évoluer positivement dans son environnement en tant que personne et professionnel.

F2. Mettre en œuvre les moyens et les opportunités pour développer son propre projet professionnel.

F3. S'engager dans une pratique professionnelle en mobilisant ses compétences théoriques et pratiques dans des situations réelles ou des mises en situations réalistes.

Programme structure

The courses are organized either at UCL or at ULB (the ULB courses can be easily recognized as their numbering starts with an 8).

The Master comprises core subjects worth 80 credits, a focus of 30 credits and optional subjects for 10 credits.

Course prerequisites

The **table** below lists the activities (course units, or CUs) for which there are one or more prerequisites within the programme, i.e. the programme CU for which the learning outcomes must be certified and the corresponding credits awarded by the jury before registering for that CU.

These activities are also identified **in the detailed programme**: their title is followed by a yellow square.

Prerequisites and student's annual programme

As the prerequisite is for CU registration purposes only, there are no prerequisites within a programme year. Prerequisites are defined between CUs of different years and therefore influence the order in which the student will be able to register for the programme's CUs.

In addition, when the jury validates a student's individual programme at the beginning of the year, it ensures its coherence, meaning that it may:

- require the student to combine registration in two separate CUs which it considers necessary from a pedagogical point of view.
- transform a prerequisite into a corequisite if the student is in the final year of a degree course.

For more information, please consult the [Academic Regulations and Procedures](#).

Prerequisites list

LLOGO2204A "Stage II (stage de spécialisation) - Aphasies" has prerequisite(s) LLOGO2110 ET LLOGO2111 ET LLOGO2112

Access Requirements

Master course admission requirements are defined by the French Community of Belgium Decree of 7 November 2013 defining the higher education landscape and the academic organisation of courses.

General and specific admission requirements for this programme must be satisfied at the time of enrolling at the university.

Unless explicitly mentioned, the bachelor's, master's and licentiate degrees listed in this table or on this page are to be understood as those issued by an institution of the French, Flemish or German-speaking Community, or by the Royal Military Academy.

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.
