## MINSPOL - Information

### Access Requirements

All baccalaureate students are admitted onto the course. The minor in political sciences is recommended to students who are looking for a course to complement their training in human science, hoping to gain an additional 'insight' into another subject or a course to enrich a baccalaureate program, by adding a rigorous analysis of current political phenomena and issues.

### Evaluation

**The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".**

### Possible trainings at the end of the programme

- Direct access to the master's in political sciences for bachelors in human and social science and for bachelors in sociology and anthropology.
- Access under conditions for other bachelors (with the consent of the person in charge of the program) : consideration will be given to all of the courses the student has taken as part of his/her baccalaureate, and in the event of some course not having been taken, these will be added to the Master's in Political Science program (maximum 15 credits).
