

## INGM1BA - Teaching profile

### Learning outcomes

---

On successful completion of this programme, each student is able to :

The profile of Bachelor in Business Engineering graduates is set out in the **Louvain School of Management (LSM) competency framework**. This framework centres around the following three skills: acquiring a knowledge base, applying a scientific approach and adopting a socially responsible mindset.

1.

Adopt a socially responsible mindset

Think and take decisions responsibly, taking account of ethical and civic values.

\* For English (all language skills), Level B2 of the Common European Framework of Reference (CEFR). For Dutch 3, Level B1+/B2 of the CEFR. For Spanish 3, Level A2+/B1 of the CEFR.

8.3 Engage effectively and respectfully with peers and teachers, demonstrating listening skills, empathy and assertiveness.

8.4 Using computer tools, create graphs and tables that meet scientific standards.

8.5

Master basic software for effective communication.

9.

Develop

Demonstrate self-awareness and autonomy, the ability to adapt quickly to new situations and progress in your learning journey.

9.1 Self-management: define your priorities, plan ahead and organise all aspects of your work over time, be rigorous and structured in your approach.

9.2 Self-awareness and self-control: be aware of, and control, your own feelings and emotions, manage stress, stand back and cast a critical eye over your own output and actions to identify your strengths and weaknesses.

9.3 Self-motivation: design your own training plan and define its direction in line with your own values and aspirations.

9.4 Adapt to, and take advantage of, a variety of learning situations.

9.5 Independently assimilate new knowledge and skills to enable you to solve concrete, well-defined management problems.

## Programme structure

---

The first year is given over to a course on ethics and corporate social responsibility, a core element of the LSM teaching plan, and courses on management (accounting and financial analytics, marketing, a management seminar), economics, the theoretical foundations of management, and management tools and methods (management mathematics, statistics and probability, business informatics).

The programme then combines management topics (strategy, finance, production, HR management, management control) with quantitative methods (statistical inference, econometrics, operational research) and business informatics (algorithmics, data management, computer programming), and technology.

You will also continue your studies of economics (microeconomics and macroeconomics) and the corporate legal environment.

In the third year, you have an entrepreneurial project and a professional development project, which will introduce you to the business world. You will also have the opportunity to project yourself into the company of the future through seminars that tackle issues such as social change and the digital transformation of our society and its organisations.

Two **language courses, one of which is English**, are taught in each year.

The programme of the first year (60 credits) is identical to the first year of the Bachelor in Management programme.

From the second year onwards, students can undertake a student mobility programme with the Haute Ecole Louvain en Hainaut (HELHa) and, during the second and third year, can opt for a technology course in electromechanics or biochemistry. Access to both these options is by [application](#) and the courses are taught at HELHa.

For students who do not take up one of these options, their whole programme will take place at UCLouvain FUCaM Mons.

## INGM1BA Programme

## Detailed programme by subject

---

- Mandatory
- ⊗ Optional
- △ Not offered in 2024-2025
- ⊗ Not offered in 2024-2025 but offered the following year
- ⊕ Offered in 2024-2025 but not the following year
- △ ⊕ Not offered in 2024-2025 or the following year
- Activity with requisites
- 🌐 Open to incoming exchange students
- 🚫 Not open to incoming exchange students
- (FR) Teaching language (FR, EN, ES, NL, DE, ...)

Year

1 2 3

o Content:

o Law

○ MDROI1105	<a href="#">Sources and Principles of Law</a>	Ignacio De La Serna	(FR) [q1] [45h+0h] [5 Credits] 🌐	x		
○ MDROI1210	<a href="#">Business Law</a> ■	Werner Derycke	(FR) [q1] [30h+0h] [5 Credits] 🌐		x	

o Economics

○ MECON1104	<a href="#">Economics</a>	Nathalie Gilson	(FR) [q1] [45h+20h] [5 Credits] 🌐	x		
○ MECON1211	<a href="#">Macroeconomics</a> ■	Nathalie Gilson	(FR) [q2] [30h+10h] [5 Credits] 🌐		x	
○ MECON1212	<a href="#">Microeconomics</a> ■	Patrick Scarmure	(FR) [q1] [45h+20h] [5 Credits] 🌐		x	

o Management

○ MGEST1103	<a href="#">Accounting and Financial Diagnosis</a>					
-------------	--	--	--	--	--	--

### o Social Science

o MSHUM1118	Study Skills Seminar	Jean-Luc Depotte	PK [q1+q2] [15h+30h] [5 Credits]	X		
o MSHUM1122	Ethics and CSR	Vincent Truyens	PK [q2] [30h+10h] [5 Credits]	X		
o MSHUM1301	Questions de sciences religieuses	Stanislas Deprez	PK [q1] [15h] [2 Credits]			X

### o Science and Technology

Three tracks are available: the computer management track, the technological track in biochemistry and the technological track in electromechanics. These last 2 tracks, organized in partnership with the HELHa, are accessible upon application and confirmed after achievement of the 1st annual unit in one academic year (application form: <https://intranet.uclouvain.be/fr/myucl/sites/mons/parcours-i%26sup2%2mq60.be/fr/myucl/sites/mons/parcours-i>)

## Course prerequisites

---

The **table** below lists the activities (course units, or CUs) for which there are one or more prerequisites within the programme, i.e. the programme CU for which the learning outcomes must be certified and the corresponding credits awarded by the jury before registering for that CU.

These activities are also identified **in the detailed programme**: their title is followed by a yellow square.

### Prerequisites and student's annual programme

As the prerequisite is for CU registration purposes only, there are no prerequisites within a programme year. Prerequisites are defined between CUs of different years and therefore influence the order in which the student will be able to register for the programme's CUs.

In addition, when the jury validates a student's individual programme at the beginning of the year, it ensures its coherence, meaning that it may:

- require the student to combine registration in two separate CUs which it considers necessary from a pedagogical point of view.
- transform a prerequisite into a corequisite if the student is in the final year of a degree course.

For more information, please consult the [Academic Regulations and Procedures](#).

### # Prerequisites list

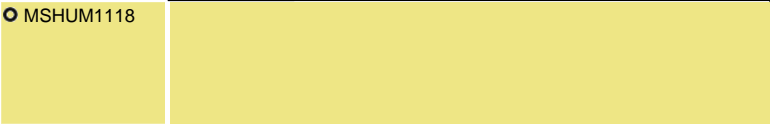

<b>MANGL1235</b>	"Anglais 2" has prerequisite(s) MANGL1120
	• MANGL1120 - <a href="#">English 1</a>
<b>MANGL1339</b>	"Anglais 3" has prerequisite(s) MANGL1235
	• MANGL1235 - <a href="#">English 2</a>
<b>MDROI1210</b>	"Droit de l'entreprise" has prerequisite(s) MDROI1105
	• MDROI1105 - <a href="#">Sources and Principles of Law</a>
<b>MECON1211</b>	"Macroéconomie" has prerequisite(s) MECON1104
	• MECON1104 - <a href="#">Economics</a>
<b>MECON1212</b>	"Microéconomie" has prerequisite(s) MECON1104
	• MECON1104 - <a href="#">Economics</a>
<b>MECON1313</b>	"Economie industrielle" has prerequisite(s) MECON1212
	• MECON1212 - <a href="#">Microeconomics</a>
<b>MESPA1237</b>	"Espagnol 2" has prerequisite(s) MESPA1122
	• MESPA1122 - <a href="#">Spanish 1</a>
<b>MESPA1340</b>	"Espagnol 3" has prerequisite(s) MESPA1237
	• MESPA1237 - <a href="#">Spanish 2</a>
<b>MGEST1325</b>	"Comptabilité et contrôle de gestion" has prerequisite(s) MGEST1103
	• MGEST1103 - <a href="#">Accounting and Financial Diagnosis</a>
<b>MINFO1201</b>	"Informatique et algorithmique" has prerequisite(s) MQANT1109
	• MQANT1109

## **The programme's courses and learning outcomes**

---

o Social Science

o MSHUM1118

○ MTECH1201	Industrial Technologies	Laurence Baclin Christine Dhaeyer David Michel Nicolas Velings	ES [q1] [30h +10h] [5 Credits]
-------------	-------------------------	---	---

⌘ Parcours technologique biochimie

○ MHELH1200	Sciences du bioingénieur		ES [q2] [72h] [5 Credits]
○ MHELH1201	Chimie et sciences de l'industrie		ES [q1+q2] [60h] [5 Credits]

⌘ Parcours technologique électromécanique

○ MHELH1211	Sciences de l'ingénieur		ES [q2] [72h] [5 Credits]
○ MHELH1212	Fluide et énergie		ES [q2] [64h] [5 Credits]

o Languages

○ MANG1235	English 2 🇺🇸	Jessica Degroote Caroline Lambert Daniel Schoemans Marine Volpe (compensates Céline Gouverneur) Quentin Zèques (coord.)	ES [q1+q2] [0h +60h] [5 Credits]
------------	--------------	---	--

o Second Language

The student chooses and keeps the same second language for the entire bachelor cycle.

⌘ Dutch

In the first annual block, the default learning unit is MNEER1121 Dutch 1.

At the end of a placement test, the teacher will decide whether or not to register for the learning unit MNEER1119 Dutch 1 LSM beginner.

○ MNEER1236	Dutch 2 🇳🇱	Erika Copriau (coord.) Bruno Michiels	NL [q1+q2] [0h +60h] [5 Credits]

⊗ Spanish

○ MESPA1340	Spanish 3	Juan Francisco Hernandez Rodriguez (coord.) Fernando Juan San Basilio Pardo	
-------------	-----------	---	--

- For any secondary school diploma **from a European Union country**, the admission request must contain the equivalence of your diploma or, at the very least, proof of the filing of the equivalence request with the Wallonia-Brussels Federation (French Community of Belgium). For any information relating to obtaining an equivalence, please refer to [the following site](#).
- For any secondary school diploma **from a country outside the European Union**, the admission application must contain the [equivalence of your diploma](#) issued by the Wallonia-Brussels Federation (French Community of Belgium). If you have a restrictive equivalence for the programme of your choice, in addition of it, you **must** have either the [DAES](#) or a certificate of successful completion of the [examination giving access to 1<sup>st</sup> cycle studies](#) when you submit your application

## Access based on validation of professional experience

Admission to undergraduate studies on the basis of accreditation of knowledge and skills obtained through professional or personal experience (Accreditation of Prior Experience)

Subject to the general requirements laid down by the authorities of the higher education institution, with the aim of admission to the undergraduate programme, the examination boards accredit the knowledge and skills that students have obtained through their professional or personal experience.

This experience must correspond to at least five years of documented activity, with years spent in higher education being partially taken into account: 60 credits are deemed equivalent to one year of experience, with a maximum of two years being counted. At the end of an assessment procedure organized by the authorities of the higher education institution, the Examination Board will decide whether a student has sufficient skills and knowledge to successfully pursue undergraduate studies.

After this assessment, the Examination Board will determine the additional courses and possible exemptions constituting the supplementary requirements for the student's admission.

## Special requirements to access some programmes

- Admission to **undergraduate studies in engineering: civil engineering and architect**

Pass certificate for the [special entrance examination for undergraduate studies in engineering: civil engineering and architect](#).

Admission to these courses is always subject to students passing the special entrance examination. Contact the faculty office for the programme content and the examination arrangements.

- Admission to **undergraduate studies in veterinary medicine**

[Admission to undergraduate studies in veterinary medicine is governed by the Decree of 16 June 2006 regulating the number of students in certain higher education undergraduate courses \(non-residents\)](#).

- Admission to **undergraduate studies in physiotherapy and rehabilitation**

[Admission to undergraduate studies in physiotherapy and rehabilitation is governed by the Decree of 16 June 2006 regulating the number of students in certain higher education undergraduate courses \(non-residents\)](#).

- Admission to **undergraduate studies in psychology and education: speech and language therapy**

[Admission to undergraduate studies in psychology and education: speech and language therapy is governed by the Decree of 16 June 2006 regulating the number of students in certain higher education undergraduate courses \(non-residents\)](#).

- Admission to **undergraduate studies in medicine and dental science**

[Admission to undergraduate studies in medicine and dental science is governed by the Decree of 16 June 2006 regulating the number of students in certain higher education undergraduate courses \(non-residents\)](#).

Note: students wishing to enrol for a **Bachelor's degree in Medicine** or a **Bachelor's degree in dental science** must first sit an [aptitude test \(fr\)](#).

- Access to **Bachelor of Science in Business Engineering**

The Bachelor of Science in Business Engineering is a joint program organised by KU Leuven and UCLouvain Saint-Louis Bruxelles. In order to register, all candidate must first submit an application via the [KU Leuven admission platform](#). The [conditions of access](#) to this programme are specific.

## Teaching method

---

Moving from secondary school to university involves change, with new subjects, new demands, a new environment and meeting new people. To ease this transition to UCLouvain FUCaM Mons, the educational support team offers a range of measures for students **before the start of the academic year, during the year and during the university holidays**; individual support is also available.

Before the start of the academic year, students are invited to take part in **preparatory courses** to get to know the university, the teaching staff, the other students and all members of the university community. These courses are also a good way to practise note-taking, get to grips with the working method and update your subject knowledge (maths, Dutch, etc.).

During the year there are other collective activities available, such as **tutorials, supervised exam revision** and methodology seminars (e.g. time management) on offer. The educational advisers are also available to **meet with students individually** and assess their situation in order to offer them **personalised assistance** (e.g. methodological supervision, a listening ear and support).

In the summer, the educational support team continues to **keep an eye on students** and offers tutorials on subjects that students had difficulty with during the academic year... another little helping hand on your path to success!

For more information about all the support measures available at UCLouvain FUCaM Mons, visit our web page: <https://uclouvain.be/fr/sites/mons/accompagnement-pedagogique.html>.

## Evaluation

---

*The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".*

### Written and oral exams

- [Master \[120\] in Management](#) and [Master \[60\] in Management](#) (Mons campus)
- [Master \[120\] in Management](#) and [Master \[60\] in Management](#) (Louvain-la-Neuve campus)

Bachelor in Business Engineering graduates also have access to the Master's courses run by the Faculty of Economic, Social and Political Sciences and other faculties, provided they meet the programme requirements:

- [Master \[120\] in Economics: General](#) and [Master \[60\] in Economics : General](#)
- [Master \[120\] in Economics: Econometrics](#)

There are a number of UCLouvain Master's programmes (generally stand-alone) that are widely accessible to UCLouvain FUCaM Mons Bachelor's graduates, including:

- [Master \[120\] in Population and Development Studies](#) (direct access for all Bachelor's graduates),
- [Master \[120\] in European Studies](#) (open to all Bachelor's graduates with a minor in European Studies),
- [Master \[120\] in Ethics](#) (open to all Bachelor's graduates, subject to additional course requirements).
