⌘ des cours choisis parmi les trois modules en genre

⌘ Module 1 : Couples, familles, sexualités

Les études de genre, à travers le regard de plusieurs disciplines, interrogent les conceptions à propos du couple, de la famille et de la sexualité. L'apport des études de genre permet souvent de réfléchir les multiples formes que peuvent prendre ces différentes sphères, mais aussi d'interroger et de déconstruire les approches conventionnelles et par trop monolithiques d'appréhender le(s) couple(s), la(les) famille(s), la(les) sexualité(s).

⌘ Module 2 : Cultures et représentations

Par le biais de différentes disciplines et en particulier l'histoire, la littérature, les médias et la communication, l'anthropologie, la sociologie, la théologie, la philosophie, etc.). Les études de genre renvoient inmanquablement à toute la question culturelle. Les cours repris dans cette option permettent d'explorer sous un regard neuf, les conceptions en matière de genre et plus spécifiquement les représentations et les discours associés à ce dernier.

⌘ Module 3 : Analyse des discriminations et promotion de l'égalité

Les études de genre permettent de révéler et comprendre les inégalités liées à la question du genre (discrimination, ségrégation, domination, etc.). Les cours de cette option présentent les cadres et concepts d'identification et d'analyse des inégalités, ainsi que les stratégies de lutte contre les discriminations et de promotion de l'égalité.

Course prerequisites

There are no prerequisites between course units (CUs) for this programme, i.e. the programme activity (course unit, CU) whose learning outcomes are to be certified and the corresponding credits awarded by the jury before registration in another CU.

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

Specific professional rules

These studies lead to a professional title subject to specific rules or restrictions on professional accreditation or establishment.

You will find the necessary legal information by [clicking here](#).

Teaching method

Importance given to practical training : the work placement and the dissertation account for half the 120 credits in the programme. These activities are closely supervised by all the professors and assistant teaching staff at the Faculty.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

There will be a written examination for courses with high attendance. For other courses there will either an oral examination, individual work or group work. Further details can be found in the course specifications.

Mobility and/or Internationalisation outlook

There is partnerships with the University of Geneva : some courses may be taken in this university.

Possible trainings at the end of the programme

Advanced Master : University and Higher Education Teaching

Doctoral programmes : Doctoral school training in Psychology

Certificates

Psychosocial Well-being at Work

Early intervention for people with learning difficulties or at risk (under construction)
