○ LLOGO1112A	Maitrise du français écrit	Emilie Collette	[FR] [q1] [15h] [2 Credits] 🌐	X		
○ LLOGO1112B	Outils d'apprentissage					

Course prerequisites

The **table** below lists the activities (course units, or CUs) for which there are one or more prerequisites within the programme, i.e. the programme CU for which the learning outcomes must be certified and the corresponding credits awarded by the jury before registering for that CU.

These activities are also identified **in the detailed programme**: their title is followed by a yellow square.

Prerequisites and student's annual programme

As the prerequisite is for CU registration purposes only, there are no prerequisites within a programme year. Prerequisites are defined between CUs of different years and therefore influence the order in which the student will be able to register for the programme's CUs.

In addition, when the jury validates a student's individual programme at the beginning of the year, it ensures its coherence, meaning that it may:

- require the student to combine registration in two separate CUs which it considers necessary from a pedagogical point of view.
- transform a prerequisite into a corequisite if the student is in the final year of a degree course.

For more information, please consult the [Academic Regulations and Procedures](#).

Prerequisites list

LANGL1842 "English for psychologists & speech and language therapists" has prerequisite(s)

LOGO1BA - 2ND ANNUAL UNIT

LOGO1BA - Information

Access Requirements

Decree of 7 November 2013 defining the landscape of higher education and the academic organization of studies.

The admission requirements must be met prior to enrolment in the University.

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.

SUMMARY

- [General access requirements](#)
- [Specific access requirements](#)
- [Access based on validation of professional experience](#)
- [Special requirements to access some programmes](#)

General access requirements

Except as otherwise provided by other specific legal provisions, admission to undergraduate courses leading to the award of a Bachelor's degree will be granted to students with one of the following qualifications :

1. A Certificate of Upper Secondary Education issued during or after the 1993-1994 academic year by an establishment offering full-time secondary education or an adult education centre in the French Community of Belgium and, as the case may be, approved if it was issued by an educational institution before 1 January 2008 or affixed with the seal of the French Community if it was issued after this date, or an equivalent certificate awarded by the Examination Board of the French Community during or after 1994;
2. A Certificate of Upper Secondary Education issued no later than the end of the 1992-1993 academic year, along with official documentation attesting to the student's ability to pursue higher education for students applying for a full-length undergraduate degree programme;
3. A diploma awarded by a higher education institution within the French Community that confers an academic degree issued under the

- For any secondary school diploma **from a European Union country**, the admission request must contain the equivalence of your

Specific professional rules

These studies lead to a professional title subject to specific rules or restrictions on professional accreditation or establishment.

Teaching method

Le programme de bachelier en sciences psychologiques, orientation logopédie est constitué de cours magistraux accompagnés, pour certains, de travaux pratiques en individuel ou en groupe. L'accent est mis sur le caractère pluridisciplinaire de la formation (psychologie, médecine, linguistique), en veillant à respecter les standards européens de formation universitaire de 1er cycle dans le domaine de la logopédie.

Plus précisément, en première année, l'activité « outils de l'étudiant » fournit un support à la réussite et de remise à niveau en maîtrise de la langue. L'étudiant a également l'occasion de se remettre à niveau en anglais. En deuxième année, l'étudiant approfondit ses connaissances sur le langage. En troisième année, l'étudiant a l'occasion de découvrir le milieu professionnel par un stage d'observation, en faisant le lien avec les connaissances théoriques acquises.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Assessment is through written or oral examinations held during the examination sessions.

Mobility and/or Internationalisation outlook

Les étudiants de 3ème année ont la possibilité d'accomplir un séjour d'étude d'un quadrimestre à l'étranger ou en Flandre, dans une université qui organise la formation en logopédie.

Ce type de séjour permet aux étudiants de/d' :

- vivre une expérience humaine unique,
- s'immerger dans une autre culture,
- saisir une opportunité de développement personnel incomparable,
