Course prerequisites

There are no prerequisites between course units (CUs) for this programme, i.e. the programme activity (course unit, CU) whose learning outcomes are to be certified and the corresponding credits awarded by the jury before registration in another CU.

The programme's courses and learning outcomes

For each UCLouvain training programme, a [reference framework of learning outcomes](#) specifies the the skills expected of every graduate on completion of the programme. Course unit descriptions specify targeted learning outcomes, as well as the unit's contribution to reference framework of learning outcomes.

Specific professional rules

Successful completion of the master's course with **teaching focus** leads to the award of the master's degree with teaching focus and the title of secondary school education specialist.

The [Réforme des Titres et Fonctions](#) ("Titles and Functions Reform"), in force since 1 September 2016, is intended to harmonise the titles, functions and pay scales of basic and secondary education professionals in French Community of Belgium networks.

It also aims to guarantee the priority of preferred titles over minimum titles and to establish a regime for titles in short supply.

AESS holders can learn which functions they can carry out and the pay scales from which they can benefit by [clicking here](#).

The university cannot be held responsible for any problems that students may encounter at a later date with a view to a teaching appointment in the French Community of Belgium.

Teaching method

The majority of courses on this programme use interactive teaching methods, inspired by the principles of the project "gérer sa formation" or "managing your training" (student autonomy guaranteed thanks to new ICT resources, e-learning, teaching teams, practice of oral and written communication, etc) . The programme familiarises the student with new resources and methods in the field of classical and Romance studies.

Evaluation

The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".

Written and oral exams aim to test both knowledge acquired as well as the student's know-how and communication skills.

Some subjects, geared towards helping the student develop skills in research and personal criticism, are the subject of presentations and discussions spread over the year (permanent assessment).

To obtain a student's average, the grades awarded for each course unit are weighted by their respective credits.

Mobility and/or Internationalisation outlook

Students pursuing a [Master \[120\] in Ancient and Modern Languages and Literatures](#) may, as part of their studies, undertake:

- a **study visit** for one term (30 credits) in one of the [many universities](#) with which the Faculty of Philosophy, Arts and Letters has concluded partnership agreements, in Europe under the Erasmus+ programme, in Switzerland under the SEMP programme, or elsewhere in the world under the FAME/Mercator programme, or
- a **study visit** for one term (30 credits) in one of the partner universities in Flanders, under the Erasmus Belgica programme.

It is advisable to organise the study visit during the second term of the first year or the first term of the second year.

Note: all teaching focus classes must be taken at UCLouvain.

The [list of recommended destinations](#) is available on the Faculty's website.

Furthermore, under the agreement between UCLouvain and KU Leuven, Latin language and literature courses may be taken from the KU Leuven programme.

Students can undertake an internship in Belgium or abroad as part of their study programme. **Internships** must be related to the specialization (focus) or, in some cases, to the preparation for the MA dissertation.
