

## ECGE1BA - Introduction

### Introduction

---

## ECGE1BA - Teaching profile

### Learning outcomes

This programme aims to enhance the student's capacity to develop a critical and decisive mind in the domain of Economic and Business Sciences. It is based, on the one hand, on the acquisition of knowledge within the disciplines of Economic Science, Business Science and the Social Sciences, and on the other hand on that of know-how, by means of a pedagogical approach which fosters the active participation of the student in his own training.

On a general level, one year is dedicated to the acquisition of knowledge within the general disciplines of the ESPO Faculty, one year is dedicated to the specific developments of those subjects with respect to Economic Analysis and Business Science, and one year is dedicated to the study of Economic and Business problems and methods, as well as to going more deeply into their domains of application.

On successful completion of this programme, each student is able to:

**Comme tout bachelier de la Faculté des sciences économiques, sociales, politiques et de communication :**

AAC1. Maîtriser et mobiliser les savoirs fondamentaux (connaissances, modèles, théories, concepts) de la discipline (ou des disciplines) située(s) au cœur de son orientation d'études et de ses domaines d'application, pour comprendre l'être humain en société et l'ensemble des relations, organisations et institutions auxquelles il participe.

AAC1.1. Démontrer une connaissance et une compréhension critique du socle de savoirs approfondis (connaissances, modèles, théories, concepts) de la discipline (ou des disciplines) de son orientation (autrement dénommée sa « majeure » sur le site de Louvain-la-Neuve) et de ses domaines d'application.

AAC1.2. Comprendre, expliciter et analyser de manière critique, à l'aide du socle de savoirs de la discipline (des disciplines), différentes problématiques propres à son orientation.

AAC2. Maîtriser et mettre en œuvre les premiers jalons d'une démarche universitaire (démarche de recherche scientifique et méthodologique rigoureuse) située sur le plan épistémologique pour approfondir des questionnements/phénomènes relatifs à la (aux) discipline(s) de son orientation.

- Situer toute connaissance produite sur le plan épistémologique (AAC1.1. et AAC1.2.).
- Faire preuve de la maîtrise des premiers jalons d'une démarche scientifique et méthodologique de recherche rigoureuse (AAC1.3. et AAC1.6.).

AAC2.1. Adopter un recul critique sur les savoirs, sur les processus d'élaboration des savoirs, et sur des pratiques dans le domaine de son orientation.

AAS5. Développer une vision personnelle et socialement responsable, fondée sur la réflexion et un regard critique vis-à-vis, d'une part, des concepts et méthodes en sciences économiques et de gestion et, d'autre part, des défis économiques et sociaux contemporains.

AAS5.1. Situer les débats et courants de pensée en sciences économiques et de gestion dans une perspective historique.

AAS5.2. Développer l'attention critique sur les objectifs, les paradigmes et les hypothèses sous-jacents aux méthodes en sciences économiques et de gestion.

AAS5.3. S'exercer à développer un regard argumenté et critique, en adoptant une vision personnelle et socialement responsable, vis-à-vis des enjeux socio-économiques importants du 21<sup>e</sup> siècle.

**AAS-Séjour à l'étranger.** S'il effectue une partie de son parcours de formation à l'étranger : Evoluer dans un environnement international et multiculturel, généralement dans une autre langue que le français, et s'ouvrir à d'autres expériences pédagogiques.

## Programme structure

---

The student's programme represents 180 credits. It is composed of a major of 150 credits and an option of 30 credits.

The programme comprises a pool of subjects common to the ensemble of the bachelor programmes of the ESPO Faculty (principally in the first year) and aims at fostering progressive orientation and providing training rich in the diversity of the ensemble of the subject areas relevant to the ESPO. The common pool of subjects facilitates the student's possibility of re-orientation, after the January session, towards one or another programme in the Faculty.

The major likewise corresponds to 8 credits from personally selected options.

All students may select a more advanced course in Economics or Business, or a minor (introduction to another subject) of 30 credits. Whatever the choice, access to the master's of Economic Science or Business Science is an automatic possibility.

## ECGE1BA Programme

## Course prerequisites

---

The **table** below lists the activities (course units, or CUs) for which there are one or more prerequisites within the programme, i.e. the programme CU for which the learning outcomes must be certified and the corresponding credits awarded by the jury before registering for that CU.

These activities are also identified in the **detailed programme**: their title is followed by a yellow square.

### Prerequisites and student's annual programme

As the prerequisite is for CU registration purposes only, there are no prerequisites within a programme year. Prerequisites are defined between CUs of different years and therefore influence the order in which the student will be able to register for the programme's CUs.

In addition, when the jury validates a student's individual programme at the beginning of the year, it ensures its coherence, meaning that it may:

- require the student to combine registration in two separate CUs which it considers necessary from a pedagogical point of view.
- transform a prerequisite into a corequisite if the student is in the final year of a degree course.

For more information, please consult the [Academic Regulations and Procedures](#).

### # Prerequisites list

- LALLE1332** "Deutsch Mittelstufe II" has prerequisite(s) LALLE1230

## Evaluation

---

**The evaluation methods comply with the [regulations concerning studies and exams](#). More detailed explanation of the modalities specific to each learning unit are available on their description sheets under the heading "Learning outcomes evaluation method".**

a) Ongoing evaluation : exercises and personal pieces of work

b) Written and oral exams

## Possible trainings at the end of the programme

---

Positioning of the programme within the University cursus

The bachelor's degree entitles unconditional access, without the need for any complementary courses, to the the master's programme of Economic and Business Sciences, organised within the French-speaking Community of Belgium (albeit with the exception of the master's of Business Engineering), as well to the [Master \[120\] in Human Resources Management](#) and the [Master \[120\] in Business Management](#) co-graduated with ICHEC.

Other studies accessible upon completion of the programme

The bachelor's degree in Economic and Business Sciences, entitles access to other masters, subject to respect of the conditions and prerequisites specified for the programmes in question. In the case of lacking credits, these may be made up either by being added to the master's programme (if the number of lacking credits does not surpass 15 credits), or via the completion of a complementary/preparatory year before embarking on the master's programme).
