Programme structure

The Master's degree is a full-time university degree. It lasts two years and requires a significant investment from the student. However, part of the program's courses are grouped together on the last two days of the week, in order to allow the possibility of maintaining a professional activity. However, there is a lot of work to be done outside of class. The normal program is spread over two years of study, but for those who wish, it is possible to spread it over four years. This makes it possible to work at the same time as taking the master's degree.

This program is composed of a core curriculum (90 credits) which includes the thesis and the internship, and of two specialized areas (30 credits). The student chooses one specialization (depending on his/her degree) and one option.

SEX2M - Information

Access Requirements

Master course admission requirements are defined by the French Community of Belgium Decree of 7 November 2013 defining the higher education landscape and the academic organisation of courses.

General and specific admission requirements for this programme must be satisfied at the time of enrolling at the university.

Unless explicitly mentioned, the bachelor's, master's and licentiate degrees listed in this table or on this page are to be understood as those issued by an institution of the French, Flemish or German-speaking Community, or by the Royal Military Academy.

In the event of the divergence between the different linguistic versions of the present conditions, the French version shall prevail.
